

Zorbles

A New Kind of Satisfying.

The first fidget that bridges clicky and squishy.

First 2 weeks of retail launch.
Bumpa Built. Connecticut.

What Makes Zorbles Different.

Zorbles offer a unique tactile experience that bridges the gap between clicky and squishy fidget toys. Their satisfying squeeze and pop action, enabled by a durable internal mechanism, provide endless sensory feedback.

Proudly 3D printed in Connecticut using high-quality materials, each Zorble is designed for durability and repeat engagement.

Why Retailers Stock Them

- ✓ Proven 80% in-store conversion
- ✓ Turnkey merchandising included
- ✓ Impulse-priced, 1 inch diameter
- ✓ Collectible colorways drive repeat sales
- ✓ Made in USA, 3D printed in Connecticut
