### milemarkers

On this great  
highway of life, they're  
known as birthdays.  
And no matter how  
impressive the mileage,  
what counts more is  
the people we meet  
along the way,  
the lives we touch,  
fun we have, and  
memories we  
make.

Just keep on truckin!  
Happy Birthday

### cards

A card!  
In the mail!  
That we can  
open when  
we find a  
quiet moment  
to ourselves.  
A card! That  
is not a bill or  
some other reminder of how  
challenging life can be sometimes.  
A Card! That expects nothing in  
return. Just delivering love and  
support, pure and simple.

I hope you began  
feeling the love at the  
sight of your name  
on the envelope!

### whales

What a better world this would be  
if we were all more like them.  
Always smiling, singing, able to  
let one side of their brain rest  
while the other stays active.  
Whales look out for one another.  
And above all, they are  
massively kind.

Today and every day,  
bless that whale  
of a heart you have.

Pity the people  
who dread it, for they  
know not what immense

the dirt!

Wishing you an  
all flowers, no weeds  
kinda day.

of sweet love and  
devotion.

an hour.

### crystal balls

Since 800 BC,  
people have been gazing  
in hopes of seeing their future.  
Truth be told, it's not the  
ability to see it that we want,  
but the power to  
control it.

One thing is crystal clear:  
Whatever comes,  
we're there for  
each other.

When a beloved dog  
we've happily walked  
so many, many times has

It's a love  
like no other.
