@meaviatoys

In 2020, our lives took an unexpected turn when my 3-year-old son, Myles, received an autism diagnosis. It was one of the most challenging moments our family had faced, but it also became a turning point. Through countless speech and occupational therapy appointments, I saw firsthand how difficult it could be to find toys and learning tools thoughtfully designed for children with different sensory and developmental needs.

That realization inspired MEAVIA. Unlike typical fidget toys, our products are designed to be meaningful, engaging, and fun—created with input from professionals and families to encourage sensory exploration, learning, fine-motor development, and play. The name MEAVIA comes from the Latin words for “my way,” reflecting our belief that every child learns, grows, and experiences the world in their own unique way.

Today, MEAVIA continues that mission by creating thoughtful products and standing alongside children with autism, their families, educators, and therapists. Our goal is simple: to make play more inclusive, more purposeful, and more joyful. Welcome to MEAVIA, where every child’s way of learning is celebrated.

OUR STORY

With Love,
Luis & Myles

Our Sensory Plush Friends

Quiggly the Weighted Sensory Octopus Plush

- Weighted (1 lb)
- Mixed Sensory Textures
- Marble Fidget Feature

SKU: MVPLSQUIG
Case Quantity: 6

Ages 3+

Size: 5 x 5 x 16 inches

Quiggly is a 1 lb weighted plush featuring a mix of tactile fabrics for hands-on sensory exploration. Each tentacle includes a movable marble fidget, giving kids something to slide, squeeze, and discover. Soft, engaging, and machine washable, Quiggly is made for cuddles, quiet play, and everyday sensory fun.

Ellie the Weighted Sensory Elephant

- Weighted (3 lb)
- Sensory Materials
- Marble Fidget Tail
- Crinkle Ears
- Machine Washable

SKU: MVPLSELLIE
Case Quantity: 2

Ages 0+

Size: 11 x 10.25 x 6.06 inches

Ellie is a 3 lb weighted sensory elephant designed for cozy cuddles and tactile exploration. Her tail includes a marble fidget enclosed in mesh, while each colorful fabric section offers a different texture to discover. Her ears also create a gentle crinkle sound, giving kids multiple sensory features to explore through play.

Our Sensory Plush Friends

Size: 22 x 15 x 9.5 inches

Sunny the Weighted Sea Turtle Plush Lap Pad

Ages 0+

- Weighted (**3 lb**)
- Sensory Materials
- Detachable Sensory Pillow
- Sequins Heart
- Marble Fidget Tail
- Fine Motor Clips

SKU: MVPLSSUNNY
Case Quantity: 2

Meet Sunny, the Weighted Sensory Sea Turtle. This 3 lb plush can be used as a weighted lap companion and also includes a detachable sensory pillow. Different textured fabrics, a sequin heart, fine-motor clips, and a marble fidget tail give kids several ways to touch, explore, and play.

Cuddlebug the Giant Vibrating Sensory Caterpillar

Ages 3+

- **35 Inch** Giant Vibrating Plush
- 5 Vibration Modes
- Kid Friendly Controls
- Sensory Materials
- Stitched Numbers
- Marble Fidget Tail
- Batteries (AA) Included

Meet CuddleBug, the Giant Vibrating Sensory Caterpillar. This 35-inch plush features five vibration modes controlled through easy-to-use feet. Mixed sensory textures, stitched numbers, and a marble fidget tail give kids multiple ways to touch, explore, fidget, and play. AA batteries are included.

SKU: MVPLSCUDDLEBUG
Case Quantity: 2

Our Sensory Plush Friends

- Marble Fidget Feature
- Sensory Materials
- Lightly Weighted
- Sensory Materials
- Lightly Weighted
- Crinkle Ears

Learning Speech Cube Set

Ages 3+

Turn word practice into a hands-on game with the Speech Learning Cube. The set includes a soft foam cube, 54 double-sided picture cards, 12 blank cards for personalization, fastener dots, and a travel booklet. Insert cards into the cube's clear pockets, roll it, and name or talk about the picture facing up. Use the blank cards to add familiar people, objects, or words for personalized play at home, school, or on the go.

Size: 5.9 x 5.25 x 5 inches

SKU: MVACTSPEECHCUBE

Case Quantity: 6

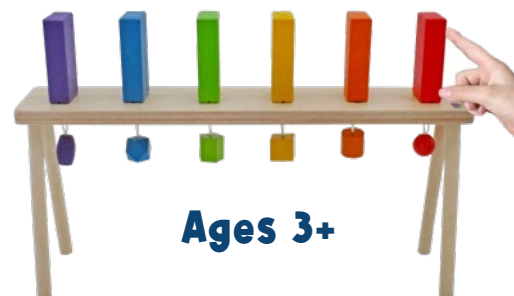

Falling Wood Domino Wall (Wall Mount or Table Top)

Create colorful cause-and-effect play with the Falling Domino Wall. Kids pull the hanging shapes to trigger the dominoes, then reset them and play again. Use it on a tabletop with the included stands or mount it to a wall for hands-on play that encourages hand-eye coordination and fine-motor practice.

- Wall Mount or Tabletop Play
- Hand Eye Coordination
- Cause-and-Effect Action
- Fine Motor Skills

Size: 17.5 x 8 x 4 inches
SKU: MVACTDOMINO
Case Quantity: 5

Ages 3+

Roll & Drop 3-in-1 Sensory Toy

**Roll Ramp
with
Water Jug**

**Roll Ramp
with String
Bin**

Ages 3+

Kids will love the cause-and-effect action of sending the textured balls down the ramp and watching them drop into the flexible string bin. Reaching through the strings to retrieve the balls encourages fine-motor practice and hand-eye coordination—and motivates kids to roll, drop, and play again. For even more versatility, swap in the translucent jug for bath time or water sensory play. The ramp can also be used independently for tabletop ball play. Includes three textured sensory balls, a flexible string bin, and a translucent water jug.

SKU: MVACTROLLDROP
Case Quantity: 3

Size: 12 x 12.5 x 7.25 inches

Toy Tunnel Raceway with Spiky Balls

Connect the four colorful tube sections, drop in one of the included textured balls, and watch it travel through the raceway. The clear sections let kids follow the action from top to bottom, encouraging cause-and-effect discovery, visual tracking, hand-eye coordination, and repeat play. The exciting action also creates natural opportunities to use words such as "go," "again," and "more."

Ages 3+

- **4-Section Connectable Design:**
Builds hand-eye coordination
- **Sensory Spikey Balls:**
Designed to roll smoothly through tubes
- **Colorful & Clear Tubes:**
Adds visual interest and learning
- **Compatible with Small Toys:**
Drop in toy cars and other favorites

SKU: MVACTRACEWAY

Case Quantity: 5

Assembled Size: 45 x 2.5 inches

Line & Learn Cars (Set of 20)

Designed for kids who love to line up, sort, and organize, the Line & Learn Cars Edition offers multiple ways to match, count, sequence, and play. The set includes 20 colorful pull-back cars, line-up strips, number stickers, a fold-up parking lot, and a handled storage case to keep everything together.

- **20 Pull-Back Cars:**
Durable alloy cars with pull-back action
- **Line-Up Strips:**
Encourages sorting and color recognition
- **Number Stickers & Parking Lot Board:**
Add counting and matching play
- **Carry Case with Handle:**
Easy to store and take anywhere

Car Size: 2.75 x 1.25 x 1.2 in.

SKU: MVACTLINECARS

Board Size: 16.5 x 13 in.

Case Quantity: 5

Ages 3+

Courtney English
Pediatric
Occupational Therapist

"I highly recommend MEAVIA for their inclusive toys, designed thoughtfully for children of all neurotypes and learning styles. These toys are uniquely crafted to be engaging and easy to explore, making playtime enjoyable and accessible. While they're especially beneficial for neurodivergent children, all children can gain from the sensory stimulation they provide. MEAVIA's toys help support sensory regulation, promoting healthy processing and learning for every child!"

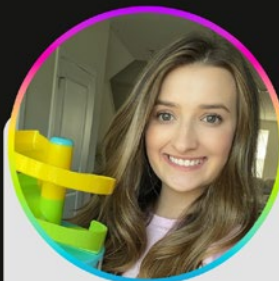

Hannah Sylcox
Pediatric Occupational
Therapy Assistant

"MEAVIA creates exceptional, thoughtfully designed toys that meet the sensory needs of neurodivergent children, especially those with Autism and ADHD. As a Pediatric Occupational Therapy Assistant, I trust their high-quality products to engage and support sensory-seeking kids, providing the extra input they need for self-regulation and focus. MEAVIA's dedication to creating tools that truly help children thrive is invaluable, and I highly recommend their toys to parents and fellow therapists alike."

Elena Sorrentino
Early Intervention Speech
Language Pathologist

I absolutely love MEAVIA's inclusive toys for speech therapy! These toys are designed specifically with neurodivergent children in mind to make playtime exciting and engaging. I have had so much success using MEAVIA toys in my speech therapy sessions and always look forward to using them with the children I work with. Any child can benefit from and enjoy these toys, but it is so great to see that toys are being created with different neurotypes in mind to ensure all children have access to fun and positive learning experiences!

Caitlin
Pediatric Speech Therapist
Rocket Speech Therapy

"As a speech therapist, I can't recommend MEAVIA toys highly enough. These aren't just fidget toys or generic sensory tools; they're thoughtfully designed, multifunctional resources that support genuine developmental growth for children with unique learning needs, including autism. MEAVIA understands that each child has distinct strengths and challenges, and their toys reflect this understanding, offering an intentional balance of engagement and support. MEAVIA toys have truly become indispensable in my practice, not only for supporting speech and language milestones but for creating joyful moments of discovery and connection."
