Toys for Learning and Toys for Fun!

# Toys for Learning and Toys for Fun!™

We're fortunate to work in one of the greatest industries there is, TOYS. We're also very fortunate to own our factory. From concept to design and to finished product, we take great pride in delivering the highest quality products available in the marketplace. Our retail customers have complete confidence when selling Popular Playthings toys to their customers.

A large percentage of the toys in our line belong in one of our key sub-brands; Mix or Match Vehicles, Mix or Match Animals, the Build-a-Truck, Playstix, and, recently, our Magnetic food sets. Our growth in these areas stems from the play value for children, the interchangeable play from one set to another in the sub-brands, the product quality and the ultimate seal of approval ... the child who has received one of our many toys!

Watch their smiles and listen to their giggles as they are engaged in their play. This doesn't happen once. This happens time and time again, from toy to toy in our line. We love what we do and we believe it shows the Popular Playthings we produce!

When it comes to dessert favorites, there are so many options to choose from. That certainly holds true for our MAGNETIC BAKE & PLAY CUPCAKE SET! As soon as the children see the magnetic cakes, cups, and 6 delicious frostings, they start creating cupcakes that are too inviting to put down. Hours of play follow as their imagination takes over. The youngest will use their hands but don't worry, the frosting isn't messy. As they get older, they'll use the provided tongs to put a delicate touch on each cake. The tongs can be used to place the frosting on the cakes, remove and serve the cupcakes from the pan, and place the cupcakes back into the baking pan when the kitchen closes.
