SCATTERGORIES

KNOW IT & SHOW IT

Scattergories® Know It & Show It combines the popular gameplay of Scattergories with new, innovative twists!

Similar to standard Scattergories, players race against time to quickly write down answers that fit the categories.

The Twists!

- **CATEGORIES:** Featuring an all-new blend of S.T.E.A.M. (Science, Technology, Engineering, Art, & Mathematics) categories. Players will learn while they play!
- **SCORING:** Players score 2 points for writing down a unique answer that begins with the letter rolled. They “know it” and “show it”!

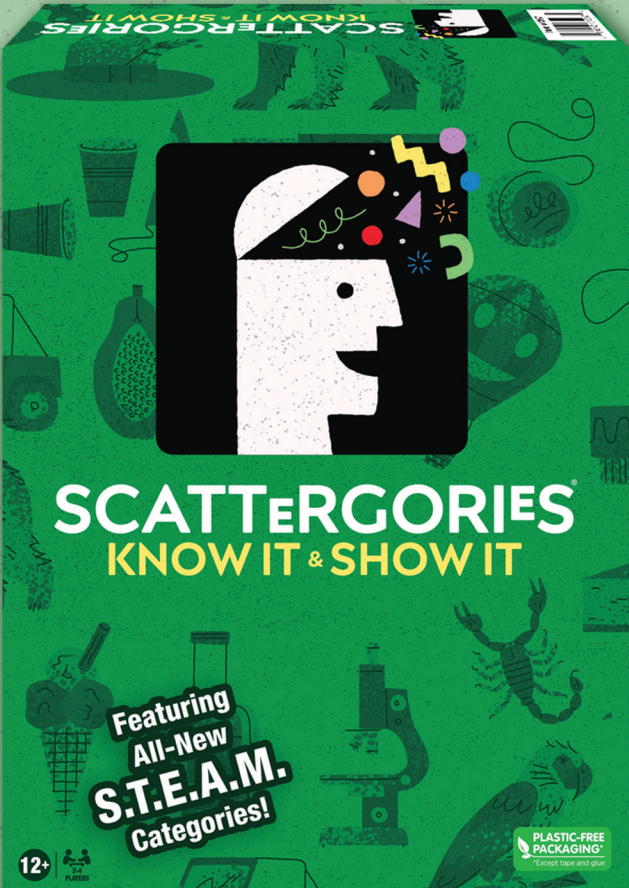

In addition, players who come up with an answer that fits the category, but not the letter rolled, will score 1 point.

This scoring twist allows for a richer learning experience. Players will learn a broader range of answers for each S.T.E.A.M. category.

Scattergories Know It & Show It is a great brain-building game! It's perfect for families, homeschooling and fun!
