The Adventures of the
TOOTH BRIGADE

Our Story

Like many households, losing a tooth was a big deal in the Azula family. As parents of twins, Sharon and Andy loved making big milestones in their twins' lives even more special. With backgrounds in advertising and marketing, and years of dreaming and sketching, The Tooth Brigade (and its lovable cast of characters) was born!

"I only ordered the minimum order to see what the Tooth Brigade was like. I sold a set before they were even completely unpacked."
Sturgeon Bay, Wisconsin

"Tooth Brigade outshines all children's tooth pillows, dolls, and books we have stocked. Very well branded. Gift box sets are high quality. Well thought out concept...Two thumbs up."
Dallas, Texas

"Too cute! 🦷 😄
Fast shipping!"
Louisville, Nebraska

Each tooth pillow comes with a "substi-tooth" that can be used if a tooth is swallowed or lost after it falls out!

dear tooth fairy
my tooth fell out and...

- it got lost!
- i swallowed it!
- it fell in the sink!
