TOYS AND GAMES

SPRING - SUMMER  
**2025**

# Dear Smart Partner,

Welcome to SMART Toys and Games, where fun meets learning! Our catalogue is full of exciting new toys and games that entertain and stimulate the minds of all ages.

At SMART we believe in game-based learning. By playing with our toys and games everyone can unlock their potential while having a good time. Passion fuels us, and our talented team continuously works to create innovative and enriching play experiences.

Each product in this catalogue reflects our commitment to quality, fun, and education.

Specialising in logic puzzle games that ignite imagination and strengthen cognitive abilities, SmartGames offers an educational and engaging experience for all ages. Explore our well balanced selection of construction toys with SmartMax® and GeoSmart®, where creativity blends seamlessly with education, stimulating fine motor skills, spatial awareness and motor skills.

Mid 2024 we could welcome WOW TOYS and their entire team to the SMART Group. This step underlines our commitment also to keep developing sustainable, strong & safe toys for toddlers & preschoolers.

Additionally, our other brands such as Happy Cube®, The Happy Puzzle Company®, Smartivity®, Yatzy®, Mimiq®, and Fooqty® contribute to the stable growth of our company.

A big thank you to all our partners, especially those who distribute or work with our product lines. Your support helps us bring these great toys and games to people all around the world.

Explore the world of SMART, take a look at our catalogue, and let the adventures begin!

On behalf of the SMART Team,

Rolf Vandoren,  
CEO Smart Toys and Games

**SmartGames® are unique thanks to a combination of:**

## Progressive play

All our games grow with the player's skillset, contain many challenges, and progressively become more difficult. The challenges have been divided in four or five difficulty levels: Starter, Junior, Expert, Master and Wizard. Independent of age and skill, you are better off to start with easy challenges and work your way up to the most advanced levels.

## Grows with you

The recommended starting age is clearly indicated on the packaging. From this point, players can begin with starter-level challenges and progress through increasingly difficult levels. As with all SmartGames®, practice helps building the skills needed to tackle the higher levels. Each game offers an engaging experience that keep also kidults and adults puzzled. A rewarding & fun experience for the whole family.

## Cognitive skills

We make sure that every game is building on multiple skills such as spatial insight, planning, logical thinking, problem-solving, concentration, and visual perception. The skills that are trained while playing the game, are indicated on every box.

## Challenge booklet

Every game contains a booklet where all challenges and solutions are explained. The challenges become gradually more difficult, from the Starter level all the way to Wizard. By going through every challenge you will discover the tricks and develop the skills needed to progress further and further.

## How to play

SmartGames® feature easy-to-understand intuitive rules that are easily explained in few steps only. This way you can quickly start playing.

# SMARTGAMES® CATEGORIES

## ONE PLAYER SMARTGAMES®

### PRESCHOOL PUZZLE GAMES

These puzzle games stimulate cognitive growth, and critical thinking from an early age. Designed to captivate the curious minds of toddlers.

P. 16

### 1 PLAYER PUZZLE GAMES

This category of puzzles is narrative driven and takes place in an imaginary setting, where players act as problem-solvers.

P. 22

### 1 PLAYER IQ GAMES

The goal of these multilevel logic puzzles is to fit and fill puzzle objects into a grid. These games provide a range of challenges starting from simple concepts that gradually increase in complexity.

P. 38

### BRAIN TEASERS

These puzzles are challenging brainteasers where the main goal is to fit all the puzzle pieces together.

P. 46

## ONE & TWO PLAYER SMARTGAMES®

### GENIUS BATTLE GAMES

This category consists of head-to-head puzzle games where players race to fill the grid.

P. 56

## MULTIPLAYER SMARTGAMES®

### FAMILY GAMES

Smart board games focus on imaginative problem-solving and decision-making. Luck plays a minimal role, and each game offers at least two difficulty levels.

P. 64

### STRATEGY GAMES

Our strategic games demand planning, decision-making, and critical thinking. Players take turns, anticipate opponents, and use strategies to defeat them.

BOOK

NEW  
SPRING  
2025

## Help the seven goats hide from the wolf!

Help the 7 young goats hide under the furniture before the wolf finds them. But watch out: not every goat will fit under every piece of furniture. This fairy tale game helps preschoolers develop logic and deduction skills, as well as shape recognition and orientation. Solve the 48 challenges for ages 3 to 7 and enjoy the fairy tale by the Brothers Grimm of The Wolf and the Seven Goats with the included beautiful storybook.

**CONTENTS:** 7 goats, 5 puzzle pieces, 1 wolf, 1 game board, 1 booklet with 48 challenges and solutions, game rules, bonus picture book.

### HOW TO PLAY

1

Choose a challenge. Place the wolf, goats and other puzzle pieces with the correct orientation on the game board.

2

Now place puzzle pieces on the game board so that all goats are under the furniture and thus hidden from the wolf.

3

There is only 1 solution.

## MAGNETIC DISCOVERY

## NORTH &amp; SOUTH

Magnets have a magnetic north and south pole. Bars in cold colors (green, blue and lilac) have outward directed north poles. Bars in warm colors (red, orange, pink and yellow) have outward directed south poles.

## ATTRACT &amp; REPEL

Opposite poles attract each other, identical poles repel. All bars in 'cold' colors can be combined with all bars in 'warm' colors.

All other combinations repel.

## BALLS

The SmartMax® balls are attracted by all magnetic bars, regardless of their color.

Magnetic construction toys suitable for kids as young as 3 years of age that introduce children in a fun manner to academic STEM fields like geometry, technology, and engineering. Its patented dual safety system makes GeoSmart safe for small kids and sturdy for decades of qualitative playtime. Wheels, lights, remote controllable parts and spinners add extra dimensions to your structures and make sure you can build an infinite amount of constructions.

### The Wow Story, so far...

It all began in a small workshop in London in 1997. Like many parents Nadim was frustrated with the quality of toys available. As a toy designer, Nadim wanted to do something about it - to make strong, well designed toys with endless play value...powered by young imaginations, not batteries! In 2024, Wow Toys joined the Smart Group and their international design team will help take the product development with storytelling into the future. Each toy has a lovable character, each with their own story to tell... Happy playtime!

### Tough Toys for Toddlers, where safety is everything.

## Our philosophy

### Design

Every toy is designed in house and created to make parents smile and give personality that kids adore.

### Safety

We consider toy safety to be top priority and have been designing and manufacturing our toys responsibly and ethically for over 25 years.

### Quality

We use the strongest, purest and most durable plastics so you can always trust a WOW Toy.

## Discover WOW features

Our toys are packed with exciting features to discover using vibrant colors, sounds and clever mechanical features that provide long lasting play value.

Creagami is a kit for creating modular origami. This centenarian Japanese art, which consists in folding sheets of paper in order to create colorful sculptures, stimulates the development of creativity and is often used to relax. The repetitive folding of individual cards is a good training for the development of concentration and fine motor skills. The numerous sculptures that can be built, colored and creative, are perfect decorative elements for the house. The kit includes sheets of various colors, each with 24 pre-cut cards and with fold guides, with which you can make the necessary modules to create your 3D sculpture.
