AMUSING TABLE GAME | 14+

We are committed to recreating some of the classic tabletop entertainment devices from our childhood in the form of puzzles. By combining sound, light, electronics, and wood, we strive to replicate the original effects as faithfully as possible, allowing people to relive the joy of their childhood. Furthermore, we hope to share some of these timeless games and toys with a new generation, enabling parents to pass on the happiness and legacy to their own children.

TIME ART | 14+

This series of products are created by Miko, a famous European designer, to create the beauty of the combination of machinery and time. Make invisible things into tangible art works that can be transmitted in front of you. As long as you push the corresponding mechanical structure, the product will tell you the exact time and date. They are clocks and calendars that can be used in real life.

WOODEN BLOOM CRAFT | 8+

Sending flowers is a wonderful way to express love and well-wishes, and each type of flower carries its own unique and beautiful meaning. Rowood took inspiration from nature and created a dreamy flower garden based on sunflowers, lilacs, red camellias, and pink roses to capture the poetic and romantic essence of blooming flowers. These products are 3D wooden models that can be assembled and adjusted to different stem heights, allowing you to experience the joy of flower arrangement. By creating a heartfelt flower gift with your own hands, you can surprise your loved ones with something truly special.
