PUZZLE COLLECTIONS

Puzzles in Modular Boxes

This is a new alternative in packaging in the Clementoni puzzle line. The same size puzzle, the same great quality in a smaller retail box.

These puzzles are designed to fit neatly on standard 48" wide shelves. They are less cost to ship because the **case pack is 40% less dimensional weight than our standard cases** for 500 piece puzzles and less than half the dimensional weight of our standard 1000 piece puzzle boxes.

Less packaging materials and lighter shipping weight also makes these more environmentally friendly. **Retailers can also fit up to 33% more retail value per shelf** with these smaller, modular boxes. Puzzles in modular packaging are only available in select 500 and 1000 piece puzzles.
