WHO WE ARE

HOME GROWN ROOTS

Brightz began with one simple idea, to make life a little brighter. What started as a family project has grown into a brand that lights up bikes, backyards, and celebrations everywhere. Family owned, fueled by creativity, and made to make every moment shine.

Brightz is now proudly manufacturing select LED products in the USA, just 40 miles south of Detroit, where Midwest affordability and a strong local supply base help us keep prices competitive while improving speed and reliability.

Our first collection will feature four top selling items in red, white, and blue just in time for America's 250th celebration!
